

Growth Analysis in Science

After completing your TCAP Post Test, please do the following:

PreTest Score: (if available)

26

Post Test Score:

62.3

Did you do better on your Post Test than your Pre Test? If so, by how many points?

Yes by 36 points

If not, why do you think you did better on the Pre Test?

Click [TCAP Post Test Analysis](#). Complete the analysis and upload on your website (Unit 7, Reflection) and ManageBac.

Growth Analysis in Science

Open the [TCAP Assessment Blueprint](#) and familiarize yourself with the document.
 Using your Q3 Benchmark Analysis and Post Test Analysis, fill in the following chart.
HINT: Use the beginning of each standard to help you determine your numbers correct.

Percentage of Items on TCAP in May		Total ?s on Q3 BM	# correct on Q3 BM	Total ?s on Post Test	# correct on Post Test
34-36%	8.PS2 Motion & Stability: Forces & Interactions	12	5	13	7
	8.PS4 Waves & Their Applications in Technologies for Information Transfer	8	5	3	1
20-25%	8.LS4: Biological Change: Unity & Diversity	11	8	13	9
41-45%	8.ESS1 Earth's Place in the Universe	4	3	4	3
	8.ESS2 Earth's Systems	12	10	14	8
	8.ESS3 Earth & Human Activity	5	3	3	3
0-9%	8.ETS1 Engineering Design	1	0	3	2

What does your data above tell you? What areas should you make sure to review for your TCAP/TNReady assessment?

I need to review in earths systems

How prepared do you feel going into your TCAP/TNReady Test? Explain why or why you do or do not feel prepared. Be honest and reflective of your strengths and weaknesses.

I feel good going into the tcap

Begin reviewing your most missed questions in your Post Test and refreshing your memory using our class [Anchor Charts](#).
